COMMUNITY/EVENTS/THE ARTS

Then there's Hudson area artist Flick Ford's fantastic new book of art works with descriptions, "Wild: 75 Freshwater Tropical Fish of the World, from which he'll be giving readings, talks and signings at Barnes & Noble in Kingston and Golden Notebook in early December. In addition to its intricately-detailed and instantly memorable painting works, this is simply a gorgeous piece of publishing...and a great way of remembering what's endangered in our fragile world these days. No matter whether one's loved ones are tropical fish lovers or not, this is the very definition of a conversation-starting and hours-dawdling coffee table book.
